Appeals court rules that Google book scanning is fair use

(Probably the most complete description)

<http://arstechnica.com/tech-policy/2015/10/appeals-court-rules-that-google-book-scanning-is-fair-use/>

In your own words, identify the basic legal questions at issue in this case, and the arguments supporting each side.

Did the Appeals Court decide correctly, in your opinion? Explain your reasoning.
